

Activity Instructions

Activity Name: Good Morning Football

Study: Balls

Objective for Learning: 7a,11e

The following supplies are needed for this activity:
popsicle sticks
green construction paper
piece of regular notebook paper
glue

Instructions:

Talk to your child about the shape of the field goal post, talk about how in some ways the field goal post resembles the number 4

Count the number of sides the field goal will have when you make your own, advise your child that he/she will need four (4) sticks to recreate the shape of the goal post

Discuss that during a football game the end zone is where the player has to run into to score a touchdown. The endzone is where the goal post is located. If a player scores a touchdown then the team gets to a goal for an extra point. The team can also kick a field goal for 3 points.

Form your popsicle sticks into a field goal post and glue it onto the green paper background

For some extra fun help your child make a paper football that you can play with.
