

Activity Instructions

Activity Name: Crazy Pizza Day

Study: The First 6 Weeks

Objective for Learning: Obj. 17a

The following supplies are needed for this activity:

Paper – Cardboard

Glue

Crayons/Markers

Found objects (sticks, acorns, leaves, dried pasta, beans, string, yarn, paperclips, glitter, sequins)

Instructions:

Talk to your child about the story Crazy Pizza Day. There were several types of interesting pizza's made – robot pizza, octopus pizza, parrot pizza.

Ask your child - What kind of pizza would you like to make and would eat it? What do you think they would like on their pizza?

1. Help your child gather found objects for their pizza
2. Provide them with a piece of paper with a circle on it or a circle cut out of cardboard (use a cereal or cracker box that has recently been emptied).
3. Assist them setting up their workspace
4. Give them their glue bottle
5. Let their imagination run wild.

They can color the pizza first and then add the toppings. You may say "When we eat pizza it comes with tomato sauce and cheese what is the base of your pizza going to be made from?" if they pick up a green marker and start coloring follow their lead "oh I see you chose green what is that kind of special sauce?"

Your child may say something like - I am going to make squirrel pizza. I found nuts, leaves, seeds, and sticks outside. I colored my pizza green because it is grass sauce.

The key is there are no wrong answers!

Follow up by sending your child's teacher a picture and share their creative thought process with him/her. Read another fun book and talk about the cover of the book, the author, the illustrator, and the words we read left to right.
